

Attorney's Docket No.: 10274-006002 / D011 CIP2

164708/#5
1/7/02

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant : Wallner et al.
Serial No. : 09/730,465
Filed : December 5, 2000
Title : METHOD OF PROPHYLAXIS OR TREATMENT OF ANTIGEN PRESENTING
CELL DRIVEN SKIN CONDITIONS USING INHIBITORS OF THE CD2/LFA-3
INTERACTION

Art Unit : Unknown
Examiner : Unknown

Commissioner for Patents
Washington, D.C. 20231

INFORMATION DISCLOSURE STATEMENT

Applicants submit the references listed on the attached form PTO-1449.

Under 35 USC §120, this application relies on the earlier filing date of application serial number 08/466,465, filed on June 6, 1996. References AA-ATTTT were submitted to and/or cited by the Office in the prior application and, therefore, are not provided in this application. References AVVVV-AIIII are submitted herewith.

This statement is not to be interpreted as a representation that the cited references are material, that an exhaustive search has been conducted, or that no other relevant information exists. Nor shall the citation of any reference herein be construed per se as a representation that such reference is prior art. Moreover, Applicants understand that the Examiner will make an independent evaluation of the cited references.

Attorney's Docket No.: 10274-006002 / D011 CIP2

This statement is being filed within three months of the filing date of the application or before the receipt of a first Office action on the merits. Please apply any charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,

Date: October 24, 2001
